

LOCKWOOD

# Key in Lever Locksets

## Key in Lever Locksets

### Lockwood – Leading the Industry to Higher Standards.

The Lockwood range of Key in Lever Locksets are manufactured to exacting standards and are recognised for their quality, efficiency and reliable performance.

The Key in Lever range is ideally suited for the aged or physically challenged and is available in a wide variety of functions and finishes. It is also suited to many other situations such as child care centres, residential and semi-commercial applications.

A security feature of these locksets is the inclusion of a special locking mechanism which isolates the exterior lever handle from the latch spindle, thus preventing operation of the latchbolt in the event that the exterior handle is forced.

This feature is not applicable to the 938 and 958 functions which have rigid exterior handles.

### 930 and 950 Series

The Lockwood 930 and 950 Key in Lever range is produced from high purity zinc alloy and are available in a comprehensive range of functions and attractive finishes.

### 930 and 950 45° Series

The Lockwood Key in Lever range is now available with the lever mounted at 45° to allow for easier operation for those that are arthritic, physically challenged or the elderly.

# Key in Lever Locksets

## Key in Lever Series Specifications

The Lockwood Key in Lever Locksets feature various conventional design lever handles. These locksets are produced from high purity zinc alloy and available in a comprehensive range of functions and attractive finishes.

### Features & Specifications

#### Door Thickness

32 to 45 mm (all functions except 934 which suits doors 35 to 41 mm). Locksets to suit other door thicknesses are available on application.

#### Levers & Roses

High purity zinc alloy. A brass rose is supplied to conceal inside fixing screws.

#### Backset

70 mm standard backset. 60 mm backset also available.

#### Bolt

Brass.

13 mm projection.

#### Cylinder

5 pin tumbler mechanism. Brass cylinder and brass barrel.

### Standard finishes

Bright Chrome	CP
Satin Chrome	SC
Brown	BRN
Polished Brass Plate	PBP
Other finishes on application.	

### Keying

#### Standard Keying

Supplied individually keyed with two keys per lock. 78,000 key combinations. Key blank KB2015P.

#### Special Keying

Can be keyed alike, master keyed, grand master keyed, maison keyed or construction keyed in Lockwood security keying systems.

### FIRE RATED

Lockwood Key in Lever Locksets have been successfully tested to 4 hours on fire door assemblies in accordance with Australian Standard AS1905 Part 1: Fire Resistant Doorsets.

Note: Standard products suit fire doorsets with fire resistance level of up to 2 hours. As products for fire resistance level of more than 2 hours require special assemblies, specify "For 4 hour fire doors" when applicable.

#### Long-lipped Strike

Brass long-lipped strikes are available as shown below. Order part SP530-153 and add finish code, eg SP530-153SC.

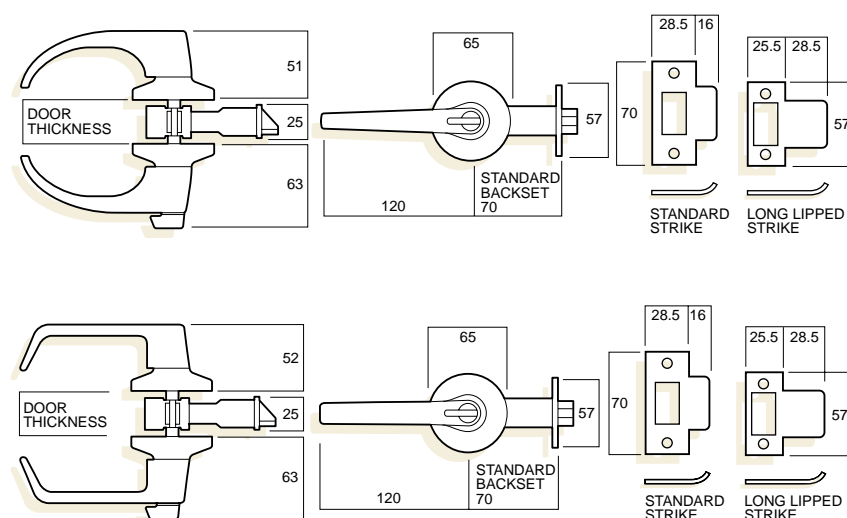

#### Door Packer

A packer to suit thinner doors is available. Order part SP930-116 and add finish code, eg SP 930-116SC.

### Ordering Procedure

Specify function number and finish code, eg 930SC.

## Lockwood Guarantee

Lockwood Security Products Pty Limited ("Lockwood") guarantees its products against defects in workmanship and materials. If within the normal working life of a product it is found to be defective, Lockwood will supply the same or an equivalent product free of charge.

All electrical components used in our products are guaranteed for a period of five years from the date of manufacture. Lockwood however, assumes no liability under this guarantee for the following:

1. Improper installation or failure to follow fitting instructions.
2. Failure due to improper maintenance or fair wear and tear.
3. Indirect or consequential loss or damage.
4. Cost of removal and/or replacement.

5. Cost of freight and/or travelling time.

6. The plated finishes, Florentine Bronze, Architectural Bronze, Polished Brass, Gold and Satin Brass are classified as soft finishes. As deterioration is possible under some climatic conditions, these finishes are excluded from this guarantee.

7. Any modification to a product as supplied, or repairs, unless authorised by Lockwood.

8. Use of replacement parts other than authorised parts.

9. Malfunction or failure of the product due to the use of non-genuine Lockwood parts.

Nothing in the Lockwood guarantee excludes, restricts or modifies any condition, warranty, right or liability implied or protected by law where to do so would render the Guarantee, or any part of it, void.
