MAIN POINTS OF ENTRY TO YOUR HOME & BEST SECURITY

WINDOWS

As most thieves break-in through the windows, your first priority is to install window locks that offer the best level of security. These are ones that can be locked with a key. Check the list below to see if you have the best security locks for your windows. If not, how many will you need? Tick the type of window locks you need.

Type of Windows	Best Security	Already Installed ✓	Number Required?	Unit Price	Total Cost
SLIDING	Aluminium Pushlocks		<input type="checkbox"/>		<input type="checkbox"/>
	Timber Security Bolts		<input type="checkbox"/>		<input type="checkbox"/>
DOUBLE HUNG	Security Bolts		<input type="checkbox"/>		<input type="checkbox"/>
CASEMENT	Window Locks		<input type="checkbox"/>		<input type="checkbox"/>
AWNING	Window Locks		<input type="checkbox"/>		<input type="checkbox"/>

DOORS

Once you have installed the best security for your windows, your next priority will be your doors. In addition to your main external door, do you also have a patio door or security screen doors? Tick the type of door locks you need.

Type of Doors	Best Security	Already Installed ✓	Number Required?	Unit Price	Total Cost
